GOV·UK

Dear OREOLUWA TABITHA OSHIKOYA

Ref: 1212-0001-5938-7027

Your application as a dependant of OSHIKOYA KOLAWOLE PAUL on the Skilled Worker route has been successful.

You have been granted permission to stay in the UK as a dependant partner until 5 Mar 2028.

This notice sets out all of the conditions of your permission to stay in the UK so please read it carefully.

Proving your immigration status

You can keep this written notice for your personal records.

You should now create a UK Visas and Immigration (UKVI) account if you do not already have one, to access your eVisa so you can view and prove your UK immigration status (your

permission to stay). If you have children or dependants create an account for them as soon as possible. Information on how to create accounts is in the ‘next steps’ section.

Your conditions

The following are all the conditions of your permission to stay as a dependant partner.

Work conditions

You are allowed to take any work, except as a professional sports person or sports coach.

Study conditions

You are allowed to study. Any study is subject to the condition that you must obtain an ATAS certificate, if you are required to do so under Appendix ATAS of the Immigration Rules. For guidance on whether you need to obtain an ATAS certificate for your intended study, check https://www.gov.uk/guidance/academic-technology-approval-scheme.

Public funds condition

You are not allowed to claim public funds.

Note on conditions

Failure to comply with the conditions of your permission is a criminal offence and may also lead to your permission being cancelled and future applications being refused.

If you think an error has been made on the period granted or conditions

Check that the information in your eVisa is correct. If you are unable to view your eVisa when you log in to your account or, if there is an error with the information in your eVisa, you can report this to us at https://www.gov.uk/report-error-evisa.

Immigration Health Charge

If you have been granted a shorter period of permission than you applied for, some of your Immigration Health Charge payment may be refunded. For further information on refunds of the immigration health charge, please visit https://www.gov.uk/healthcare-immigration-application/refunds

Your personal information

The Data Protection Act 2018 governs how we use personal data. For details of how we will use your personal information and who we may share it with, please see our Privacy Notice for the Border, Immigration and Citizenship system at https://www.gov.uk/government/publications/personal-information-use-in-borders-immigration-and-citizenship. This also explains your key rights under the Act, how you can access your personal information and how to complain if you have concerns.

Next steps

An eVisa is an online record of your immigration status and the conditions of the type of permission you have to enter or stay in the UK, and can also be used for identification purposes. You need a UKVI account to view your eVisa.

Check if you already have a UKVI account

You may already have a UKVI account if you applied to the EU Settlement Scheme or if you used the 'UK Immigration: ID Check' app to prove your identity when applying for a visa.

You will have been told in your original grant notification if you created an account during your visa application.

You will also have a UKVI account if you have access to your eVisa.

Sign in to your UKVI account (if you have one)

You can sign in at https://www.gov.uk/view-prove-immigration-status to access your eVisa.

Sign in using the identity document and the phone or email address you used when you created your account. Or if you have updated these details since you created your account, use the new details to sign in.

If you have lost or forgotten the phone and email address details you used to receive security codes, then you can recover access to your UKVI account at https://update-your-details.homeoffice.gov.uk/account-recovery/help.

You should check that all the information about you, your passport details, and your permission is correct and up to date.

If you have any problems, or if your immigration status is incorrect, contact us at: https://www.gov.uk/contact-ukvi-inside-outside-uk.

Create a UKVI Account (if you do not have one already) to access your eVisa

You should create a UKVI account to access your eVisa at: https://www.gov.uk/get-access-evisa.

If you need help creating your UKVI account, you can visit: https://www.gov.uk/guidance/online-immigration-status-evisa#if-you-need-help.

Once you have created your UKVI account, you will be able to view the details of your eVisa, including your type of permission and any conditions of your stay.

Proving your UK immigration status when travelling

Always give yourself plenty of time to check both your personal details and eVisa information are correct and up to date before traveling, including ensuring your current travel document is

linked to your UKVI account. You can do this at: https://www.gov.uk/update-uk-visas-immigration-account-details.

You may be delayed or denied boarding by carriers if your information is incorrect. Always carry your current passport with you.

If you have any problems, or if your immigration status is incorrect, contact us at: https://www.gov.uk/contact-ukvi-inside-outside-uk.

Sharing information about your immigration status

Employers, landlords in England, public service providers, or other organisations, may need to check your immigration status.

You can use your UKVI account details to sign in to the 'view and prove' service at: https://www.gov.uk/view-prove-immigration-status to share your status information.

For accessing certain services provided by UK government departments and other public authorities, like benefits and healthcare, relevant information about your immigration status will increasingly be available automatically. For more information go to https://www.gov.uk/guidance/living-in-the-uk-applying-from-within-the-uk.

If you have a BRP from a previous grant of permission

Keep your expired BRP as it may help with future applications to stay in the UK. You may also want to retain it securely for your personal records.

When your permission to stay ends

If you want to stay in the UK after your current permission ends, you must make a new application:

- Before your current permission ends, and
- No more than 28 days before your current permission ends.

Information on how to make an application can be found at: https://www.gov.uk/browse/visas-immigration/what-you-need-to-do.
